

Saivardhan Mailaram

Computer Science & Engineering (AI & ML) Undergraduate | India
github.com/saivardhan-07 | linkedin.com/in/saivardhan-mailaram

Summary

Motivated Computer Science and Engineering (AI & ML) undergraduate seeking an entry-level software development role. Strong foundation in Python, Java, SQL, web development, object-oriented programming, databases, data structures, and machine learning.

Education

- Malla Reddy College of Engineering — B.Tech, CSE (AI & ML), 2023–2027, CGPA 7.02/10
- Sree Sandeepani Junior College, Karimnagar — Intermediate, MPC, 2021–2023, 90.2%
- Geetha High School, Chegunta — SSC, 2021, 100%

Technical Skills

- Programming: Python, Java, C
- Web: HTML, CSS, JavaScript
- Databases: SQL, MySQL
- Core CS: OOP, DBMS, Data Structures & Algorithms, Computer Networks
- ML: Machine Learning, Regression, Decision Trees, Data Analysis
- Tools: GitHub, VS Code

Internship — Python for Data Science

- Applied Python programming concepts to data-oriented tasks and analysis.
- Worked with data handling and analysis techniques using Python.
- Practiced data preprocessing, exploratory analysis, and problem-solving approaches.
- Strengthened practical understanding of Python and data science concepts.

Projects

- **Climate Change Impact on Agricultural Land Suitability** (Python, ML, Regression, Decision Trees) — Developed a machine learning approach to evaluate climate and agricultural factors affecting land suitability; applied regression and decision-tree methods to identify important factors and generate interpretable predictions; analyzed results to support practical agricultural decision-making.
- **Online Apparel Shopping** (HTML, CSS, JavaScript) — Developed a responsive web application for browsing apparel products and supporting shopping functionality, with structured product presentation, intuitive navigation, and a clean, usable layout.

Certifications

- Coursera: Artificial Intelligence; Java Full Stack Development; Front-End Development; Java Object-Oriented Programming
- IBM: AI and Its Fundamentals; Project Management; IBM SkillsBuild — Artificial Intelligence
- Infosys: Time Management; Infosys Springboard — Python
- Intel: AI for Everyone
- Cisco Networking Academy: Cybersecurity
- Cambridge English Empower — B2 Level Course (Completed)

Workshops & Activities

- Power BI workshop.
- GENOS-25 national-level technical symposium; JNTUH Trivia Quiz.

- Disruptors Den 36-hour Hackathon.

Achievements

- Secured second prize in an inter-college volleyball competition.

Soft Skills & Languages

- Communication, teamwork, problem-solving, time management
- Languages: English, Telugu
